We Will Optimize Student Learning By:

- Providing an individualized learning plan that addresses academic needs.
- Providing academic support that matches the rigor of college demands.
- Customizing learning strategies to give you the best opportunity for success throughout your adult life.
- Improving academic skills in reading informational texts, learn test-taking strategies and test prep strategies applicable for college learning.

Going to College can be difficult. Studying for High School is different than studying in college. You have done pretty well at studying through high school, but have some concerns about being prepared to meet the rigor of college work. How do I manage to balance college life and school? How can I optimize my studying correctly?

We will provide an open-minded yet candid approach to help you optimize your academic future. **ADVANCED EDUCATION SERVICES** provides academic coaching to freshmen transitioning into college, ADHD and LD support, and executive functioning resources for optimal learning.

ADVANCED EDUCATION SERVICES will meet with you and develop a “Personal Learning Plan” that is suited to your needs. We will work with you in order to develop a starting point that addresses your academic needs. We will give you research-based strategies that work for you. We will work with you to increase your confidence in and out of the classroom to help sustain your college career.
